

EASY PICKET

A STYLISH AND DURABLE ALUMINIUM FENCING SYSTEM

EASY PICKET

PRODUCT FEATURES

The Darley Aluminium Easy Picket system is an attractive concealed fixing solution for all your screening and fencing needs. Easy to install, this powder coated aluminium product is designed to last in harsh environments.

A versatile system comprising of a suite of aluminium extrusions and plastics that provide a complete screening solution, which can be used in both commercial and residential applications.

CONCEALED FIXING

Easy Picket is a concealed fixing system, designed to hide unsightly screws and rivets. This unique concealed system is not only easy-to-install, it also doesn't require any welding and gives your fencing & gate products a modern attractive look.

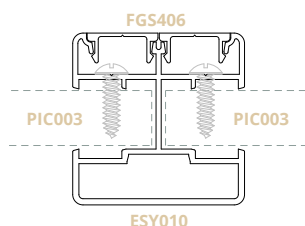

KEY BENEFITS

- Picket fence option - also with concealed fixing
- Optional assembly methods for pickets
- Wide range of colours* available
- Plastic or metal corner stakes available
- Low maintenance
- Easy to fabricate and install
- Flexible fence and gate configurations
- Resistant to warping, cracking and splintering
- Lasts longer than timber products
- Universal caps available
- Dedicated End Caps
- Available in blade widths of 38mm, 65mm, 75mm and 100mm.

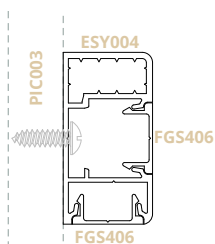

APPLICATIONS

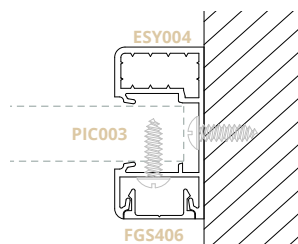

- Fencing & gates
- Sunscreens
- Privacy screening
- Area dividers
- Equipment enclosures

ALUMINIUM FENCING SYSTEM

EASY-TO-INSTALL

Unlike other systems, Darley's Easy Picket system is easy to fabricate and install with sections that can be assembled and screwed together on site or in the factory. It can easily accommodate different blade widths and can provide adjustable slat spacings when required.
