CODE	DESCRIPTION / APPLICATION
DTL3123	HabourView Drill Jig Set

[NEW Harbour View Jig Set - Making bifolds easy](#)

An industry first, Darley Exclusive!

Fabricating Bifolds can sometimes be a tricky and problematic exercise, requiring a lot of experience and planning to ensure the right hardware gets placed in the right spot.

Darley customers who order a DTL3123 HarbourView drill jig set now receive **4 x FREE configuration charts**. Fabricators can use these charts and follow the simple steps to make a bifold in any conventional configuration. Contact your Account Manager or Technical Support to find out more.
